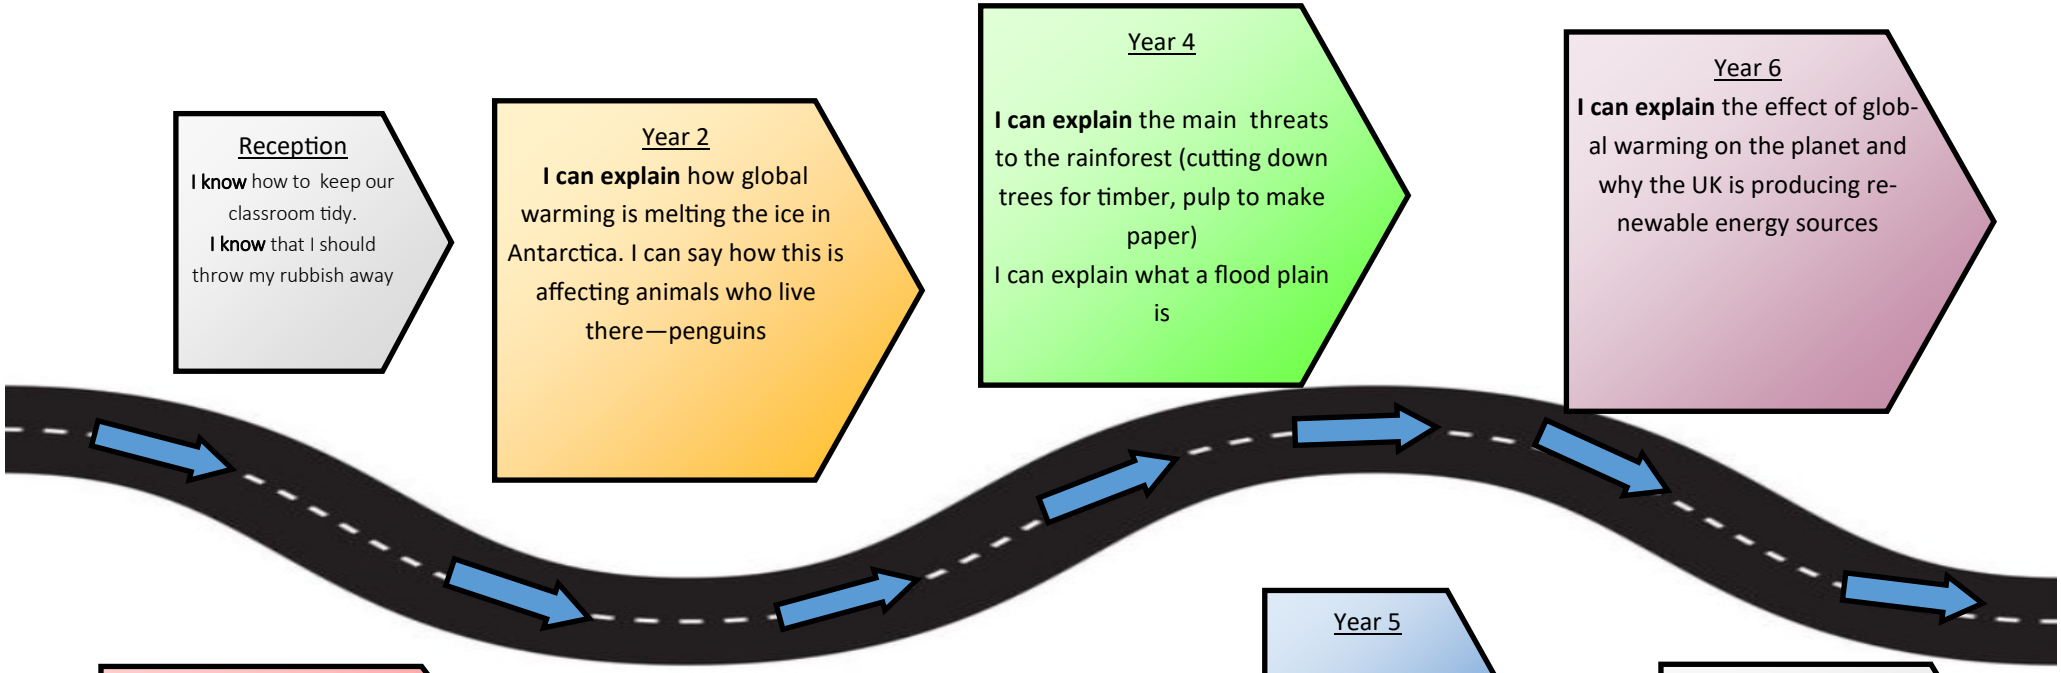
Geography Curriculum Journey

(Environmental Impact)



Reception

I know how to keep our classroom tidy.

I know that I should throw my rubbish away

Year 1

I can explain how different types of weather affect the things we do

Year 2

I can explain how global warming is melting the ice in Antarctica. I can say how this is affecting animals who live there—penguins

Year 3

I can explain how global warming is affecting the climate of the world

Year 4

I can explain the main threats to the rainforest (cutting down trees for timber, pulp to make paper)

I can explain what a flood plain is

Year 5

Year 6

I can explain the effect of global warming on the planet and why the UK is producing renewable energy sources

Year 7

I will learn about coastal defenses.
